

## FACE A YOUNGER FUTURE!

With Summer here, use this time to schedule that procedure you have always dreamed of. With faster recovery periods, affordable procedures, and improved technology, now is the time to carry out that promise you made to yourself to be at your all-time best. We all want to look and feel fabulous in skimpy summer clothes; yet often we feel compromised due to poor body image. You may have your own ideas when it comes to aging, yet all men and women share a common desire: To maintain a youthful appearance for as long as possible! While one's inner beauty is most important, why not make the most of your outer beauty? Looking wonderful is an instant uplift to your day. Have you dreamed of breast augmentation or breast lift? Perhaps a tummy tuck or liposuction? Maybe facial rejuvenation? Why wait? Call The

Cosmetic Surgery Clinic now! Your youthful future is just a phone call away!

## BREAST AUGMENTATION IMPLANTS CREATE A CURVIER AND MORE CONFIDENT YOU

For a variety of personal reasons - from loss of volume following pregnancy and nursing, to simply having breasts that are uneven or disproportionate to their figure - some women are dissatisfied with the size and shape of their breasts. Breast augmentation can improve a woman's overall appearance, giving her a curvier figure and, more importantly, a boost of self-confidence in her appearance.

Dr. Shenker and his team carefully consider the types of implants available and uses both silicone and saline, depending on the patient. For more information on the options available, visit our website - [drshenker.com](http://drshenker.com).

*limited time offer*

The Cosmetic Surgery Clinic stays abreast of the latest developments in all areas of cosmetic and reconstructive treatments and offer only products and services that have been proven safe and effective. While each product has its strengths, all produce fast results with virtually no downtime.

## NON-SURGICAL TREATMENTS

Among the dermal injectable fillers we employ to smooth wrinkles and fill in deep facial lines are Teosyal and Juvederm. Each of these products works by inserting a filler solution under the skin that replaces lost volume and smoothes away facial wrinkles and folds.

Unlike dermal fillers, BOTOX® is an injectable purified protein that reduces the activity of the muscles that cause frown lines and crows feet. BOTOX prevents the muscles from contracting, which means the skin cannot pucker or wrinkle.

## MEET OUR NON-SURGICAL STAFF

**Dianne Spencer R.N.**  
*Nurse Injector &  
Skin Care Specialist*

With years of experience in Cosmetic Nursing, Dianne is very knowledgeable in all aspects of non-surgical facial rejuvenation including Botox, injectable fillers of all kinds, peels, skin care products and more.

**Emily Schultz R.N.**  
*Nurse Injector &  
Skin Care Specialist*

A refreshing, energetic Injector who is very detail oriented, Emily excels in identifying pre-aging skin conditions, as well as anti-aging procedures needed by her clients.

**Laura Townsend**  
*Laser Technician &  
Skin Care Specialist*

Laura is a very results oriented Laser Technician, who, using state of the art laser equipment obtains optimum results for her clients. Her skills as a Skin Care Specialist continue to impress her clients.

*"I absolutely love to walk past and ignore all the expensive, promising skin creams in the stores, knowing that I no longer need to pay hundreds of dollars for products that do not work." CD (on her laser treatments)*

**Dr. Robert L. Shenker**  
B.Sc.(Hons), M.Sc., M.D., F.R.C.S.C.  
Plastic Surgeon

## WHAT'S NEW?

### WE NOW OFFER MICROLASERPEEL!

The Cosmetic Surgery Clinic is very excited to now be able to offer our clients MicroLaserPeel! Known as the "weekend peel", MicroLaserPeel is beneficial in treating mild to moderate sun damage, wrinkles, scars, and brown spots as well as improving your skin texture and tightness. Most people see immediate and significant results with smoother, healthier and more vibrant skin.

Call Laura, our Laser Specialist for more information.

## VISIA COMPLEXION ANALYSIS

We now have the latest skin care analysis system at The Cosmetic Surgery Clinic. Our Skin Care Specialists can identify your skin's condition both topically and subsurface. The VISIA system's multi-spectral imaging and analysis provides a clear, multi-dimensional portrait of the individual aspects of your complexion, which contributes to your overall appearance. Call for your free VISIA consult and analysis, to begin the right skin care regime for YOU.
